

Program Schedule

SCPC Training (Meets the requirements for the ICF – ACC/ PCC Credentialing)

Jan 16th-Feb 14th, 2021

Days	Module	Dates (Jan/Feb 2021)	Course Training Pathway	Module Name	Module Objectives
1 & 2	1	16 th -17 th (Jan)	Foundational Coaching Skills Training	Foundational Coaching Skills	At the end of this module, participants will have learnt the basics of coaching, different types of coaching, and its application.
3&4	2	23 rd -24 th (Jan)	CTA- CPC* ICF – ACC* (ACSTH Pathway)	Coach Transformation - A Journey	At the end of this module, coaches will evolve as more mindful listeners which we consider to be the core basis of anyone's' journey of becoming a professional coach.
5	3	30 th (Jan)		Building Coaching Competencies	In this highly interactive and practical module, students begin to build their coaching skills through intensive practice and assessment of their coaching conversation through practice and self-reflection work.
6	4	31 st (Jan)		Working with Individuals	At the end of this module, students build their understanding on how incorporate and manage the process of coaching following ICF core competencies, EMCC competency framework and CCE competency framework while maintaining professional standards, ICF Code of Ethics, Global Code of Ethics and CCE BCC Code of Ethics. Students will be able to begin to practice coaching primarily with life and career coaching clients.
7	5	6 th Feb	CTA – SCPC* ICF- PCC* (ACTP Pathway) EMCC- CP* CCE- BCC*	Building Coaching Business	The Business Builder Module focuses on preparing business plan and strategy, building a website, marketing approaches for coaches, software, and tools required for coaching business operations, and more. There are also three (3) hours of post-module mentoring for coaches who wish to set up their full-time coaching business.
8	6	7 th Feb		Professional Coaching Competencies	This module focuses on PCC level competencies as well as Evaluation and Assessments in coaching. Coaches will learn to integrate competencies with PCC markers to enhance and advance their coaching skills.
9	7	13 th Feb		Coaching Leaders & Businesses	At the end of this module, students will be able to manage a coaching contract for managers, executives, and leaders at the workplace. Students will have special tools and techniques for coaching at the workplace and for coaching corporate and business leaders.
10	8	14 th Feb		Coaching Models, Tools & Coaching Specialization	At the end of this module, students will enhance their knowledge of coaching approaches including NLP, EI, and Value-based coaching. Students will also be taught how to differentiate between coaching models, tools and techniques and will learn to select which best suits their client. Students will also work on their niche and design their unique coaching model for practice.
